

**Assembly Bill No. 600**

CHAPTER 612

An act to amend Section 56375 of the Government Code, relating to local government.

[Approved by Governor October 8, 2019. Filed with Secretary  
of State October 8, 2019.]

legislative counsel's digest

AB 600, Chu. Local government: organization: disadvantaged unincorporated communities.

The Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000 provides the authority and procedure for the initiation, conduct, and completion of changes of organization, reorganization, and sphere of influence changes for cities and districts, as specified. Existing law prohibits a local agency formation commission from approving an annexation to a city of any territory greater than 10 acres, or as determined by commission policy, where there exists a disadvantaged unincorporated community that is contiguous to the area of proposed annexation, unless an application to annex the disadvantaged unincorporated community into the subject city has been filed. Under existing law, an application to annex a contiguous disadvantaged community is not required if, among other things, the commission finds that a majority of the registered voters within the disadvantaged unincorporated community are opposed to the annexation, as specified.

This bill would clarify that the prohibition on approving an annexation involving a disadvantaged unincorporated community, as described above, applies to the annexation of territory greater than 10 acres, or smaller as determined by commission policy. The bill would also provide that the existing approval prohibition and the exemptions to the application requirement apply to the annexation of two or more contiguous areas that take place within 5 years of each other and that are individually less than 10 acres but cumulatively more than 10 acres.

*The people of the State of California do enact as follows:*

SECTION 1. Section 56375 of the Government Code is amended to read:  
56375. The commission shall have all of the following powers and duties subject to any limitations upon its jurisdiction set forth in this part:

(a) (1) To review and approve with or without amendment, wholly, partially, or conditionally, or disapprove proposals for changes of

**Ch. 612 — 2 —**

organization or reorganization, consistent with written policies, procedures, and guidelines adopted by the commission.

(2) The commission may initiate proposals by resolution of application for any of the following:

- (A) The consolidation of a district, as defined in Section 56036.
- (B) The dissolution of a district.
- (C) A merger.
- (D) The establishment of a subsidiary district.
- (E) The formation of a new district or districts.
- (F) A reorganization that includes any of the changes specified in subparagraph (A), (B), (C), (D), or (E).

(G) The dissolution of an inactive district pursuant to Section 56879.

(3) A commission may initiate a proposal described in paragraph (2) only if that change of organization or reorganization is consistent with a recommendation or conclusion of a study prepared pursuant to Section 56378, 56425, or 56430, and the commission makes the determinations specified in subdivision (b) of Section 56881.

(4) A commission shall not disapprove an annexation to a city, initiated by resolution, of contiguous territory that the commission finds is any of the following:

(A) Surrounded or substantially surrounded by the city to which the annexation is proposed or by that city and a county boundary or the Pacific Ocean if the territory to be annexed is substantially developed or developing, is not prime agricultural land as defined in Section 56064, is designated for urban growth by the general plan of the annexing city, and is not within the sphere of influence of another city.

(B) Located within an urban service area that has been delineated and adopted by a commission, which is not prime agricultural land, as defined by Section 56064, and is designated for urban growth by the general plan of the annexing city.

(C) An annexation or reorganization of unincorporated islands meeting the requirements of Section 56375.3.

(5) As a condition to the annexation of an area that is surrounded, or substantially surrounded, by the city to which the annexation is proposed, the commission may require, where consistent with the purposes of this division, that the annexation include the entire island of surrounded, or substantially surrounded, territory.

(6) A commission shall not impose any conditions that would directly regulate land use density or intensity, property development, or subdivision requirements.

(7) The decision of the commission with regard to a proposal to annex territory to a city shall be based upon the general plan and rezoning of the city. When the development purposes are not made known to the annexing city, the annexation shall be reviewed on the basis of the adopted plans and policies of the annexing city or county. A commission shall require, as a condition to annexation, that a city prezone the territory to be annexed or present evidence satisfactory to the commission that the existing development

93

— 3 — Ch. 612

entitlements on the territory are vested or are already at build-out, and are consistent with the city's general plan. However, the commission shall not specify how, or in what manner, the territory shall be rezoned.

(8) (A) Except for those changes of organization or reorganization authorized under Section 56375.3, and except as provided by subparagraph (B), a commission shall not approve an annexation to a city of any territory greater than 10 acres, or smaller as determined by commission policy, where there exists a disadvantaged unincorporated community that is contiguous to the area of proposed annexation, unless an application to annex the disadvantaged unincorporated community to the subject city has been filed with the executive officer.

(B) An application to annex a contiguous disadvantaged unincorporated community shall not be required if either of the following apply:

(i) A prior application for annexation of the same disadvantaged unincorporated community has been made in the preceding five years.

(ii) The commission finds, based upon written evidence, that a majority of the registered voters within the affected territory are opposed to annexation.

(C) This paragraph shall also apply to the annexation of two or more contiguous areas that take place within five years of each other and that are individually less than 10 acres but cumulatively more than 10 acres.

(b) With regard to a proposal for annexation or detachment of territory to, or from, a city or district or with regard to a proposal for reorganization that includes annexation or detachment, to determine whether territory proposed for annexation or detachment, as described in its resolution approving the annexation, detachment, or reorganization, is inhabited or uninhabited.

(c) With regard to a proposal for consolidation of two or more cities or districts, to determine which city or district shall be the consolidated successor city or district.

(d) To approve the annexation of unincorporated, noncontiguous territory, subject to the limitations of Section 56742, located in the same county as that in which the city is located, and that is owned by a city and used for municipal purposes and to authorize the annexation of the territory without notice and hearing.

(e) To approve the annexation of unincorporated territory consistent with the planned and probable use of the property based upon the review of general plan and rezoning designations. No subsequent change may be made to the general plan for the annexed territory or zoning that is not in conformance to the rezoning designations for a period of two years after the completion of the annexation, unless the legislative body for the city makes a finding at a public hearing that a substantial change has occurred in circumstances that necessitate a departure from the rezoning in the application to the commission.

(f) With respect to the incorporation of a new city or the formation of a new special district, to determine the number of registered voters residing within the proposed city or special district or, for a landowner-voter special

93

**Ch. 612 — 4 —**

district, the number of owners of land and the assessed value of their land within the territory proposed to be included in the new special district. The number of registered voters shall be calculated as of the time of the last report of voter registration by the county elections official to the Secretary of State prior to the date the first signature was affixed to the petition. The executive officer shall notify the petitioners of the number of registered voters resulting from this calculation. The assessed value of the land within the territory proposed to be included in a new landowner-voter special district shall be calculated as shown on the last equalized assessment roll.

(g) To adopt written procedures for the evaluation of proposals, including written definitions consistent with existing state law. The commission may adopt standards for any of the factors enumerated in Section 56668. Any standards adopted by the commission shall be written.

(h) To adopt standards and procedures for the evaluation of service plans submitted pursuant to Section 56653 and the initiation of a change of organization or reorganization pursuant to subdivision (a).

(i) To make and enforce regulations for the orderly and fair conduct of hearings by the commission.

(j) To incur usual and necessary expenses for the accomplishment of its functions.

(k) To appoint and assign staff personnel and to employ or contract for professional or consulting services to carry out and effect the functions of the commission.

(l) To review the boundaries of the territory involved in any proposal with respect to the definiteness and certainty of those boundaries, the

nonconformance of proposed boundaries with lines of assessment or ownership, and other similar matters affecting the proposed boundaries.

(m) To waive the restrictions of Section 56744 if it finds that the application of the restrictions would be detrimental to the orderly development of the community and that the area that would be enclosed by the annexation or incorporation is so located that it cannot reasonably be annexed to another city or incorporated as a new city.

(n) To waive the application of Section 22613 of the Streets and Highways Code if it finds the application would deprive an area of a service needed to ensure the health, safety, or welfare of the residents of the area and if it finds that the waiver would not affect the ability of a city to provide any service. However, within 60 days of the inclusion of the territory within the city, the legislative body may adopt a resolution nullifying the waiver.

(o) If the proposal includes the incorporation of a city, as defined in Section 56043, or the formation of a district, as defined in Section 2215 of the Revenue and Taxation Code, the commission shall determine the property tax revenue to be exchanged by the affected local agencies pursuant to Section 56810. If the proposal includes the disincorporation of a city, as defined in Section 56034, the commission shall determine the property tax revenue to be exchanged by the affected local agencies pursuant to Section 56813.

93

(p) To authorize a city or district to provide new or extended services outside its jurisdictional boundaries pursuant to Section 56133.

(q) To enter into an agreement with the commission for an adjoining county for the purpose of determining procedures for the consideration of proposals that may affect the adjoining county or where the jurisdiction of an affected agency crosses the boundary of the adjoining county.

(r) To approve with or without amendment, wholly, partially, or conditionally, or disapprove pursuant to this section the annexation of territory served by a mutual water company formed pursuant to Part 7 (commencing with Section 14300) of Division 3 of Title 1 of the Corporations Code that operates a public water system to a city or special district. Any annexation approved in accordance with this subdivision shall be subject to the state and federal constitutional prohibitions against the taking of private property without the payment of just compensation. This subdivision shall not impair the authority of a public agency or public utility to exercise eminent domain authority.
