Re: President's Special Acknowledgement Award - Workers' Compensation Program

Dear Mr. Briggs:

This letter is to formally acknowledge the dedicated efforts of the El Dorado Local Agency Formation Commission's Governing Body, management and staff towards proactive loss prevention and workplace safety. The President's Special Acknowledgement Award is to recognize members with no "paid" claims during the prior five consecutive program years in either the Property/Liability or Workers' Compensation Programs.

A "paid" claim for the purposes of this recognition represents the first payment on an open claim during the prior program year. Your agency's efforts have resulted in no "paid" workers' compensation claims for the prior 5 consecutive program years including 2011-12. This is an outstanding accomplishment that serves as an example for all SDRMA members!

It is through the efforts of members such as El Dorado Local Agency Formation Commission that SDRMA has been able to continue providing affordable workers' compensation coverage to over 372 public agencies throughout California. While 222 members or 60% in the workers' compensation program had no "paid" claims in program year 2011-12, 104 members or 28% had no paid claims for the prior 5 consecutive years.

In addition to this annual recognition, members with no "paid" claims during 2011-12 earn 2 credit incentive points (CIPs) reducing their annual contribution amount and members with no "paid" claims for the prior 5 consecutive program years will earn 3 additional bonus CIPs. Also, members without claims receive a lower "experience modification factor" (EMOD) which also reduces their annual contribution amount.

On behalf of the SDRMA Board of Directors and staff, it is my privilege to congratulate the Governing Body, management and staff of El Dorado Local Agency Formation Commission for their commitment to proactive loss prevention and safety in the workplace.

Sincerely,
Special District Risk Management Authority

David Aranda, President
Board of Directors
