Support	Incorporation Proceedings

CALAFCO Comments: On 9 July CALAFCO was approached about amending a clarification into AB 18 related to the election of future councils after an incorporation. The language proposal would conform CKH language to election law regarding the number of seats up for election on the first two elections following incorporation. There is inconsistency depending on the election system on whether two or three council members are up for election at the next election. This amendment would specify that only two are up for election; those who received the fewest votes at the incorporation election. On July 24 the Legislative Committee voted to support the amendment because it brings more stability to the new city council and brings consistency to future council elections whether it's done at large, by district or from district.

Oppose unless amended	Special District Consolidations

CALAFCO Comments: This bill provides a mechanism for residents to petition to a Board of Supervisors to be annexed to a city of they are within 1.5 miles of a boundary or within or adjacent to an existing city SOI. It requires the Board to send a resolution to LAFCo for the annexation and requires LAFCo to approve the annexation. It creates new definitions for "Islands" and for "unincorporated fringe communities." It also prohibits affected districts from terminating the annexation. This bill is sponsored by California Rural Legal Assistance and is teid to their other bill, SB 194. CALAFCO has significant concerns and is working with the author and sponsor on language before taking a position.

Summary: Would authorize a commission to order the administration of nonperforming districts. The bill would require the commission to, upon placing a district under temporary administration, prepare a performance study, as specified.

Position	Subject
Watch	Financial Viability of Agencies, CKH General Procedures

CALAFCO Comments: This bill would create a category of nonperforming districts and authorize LAFCo to assign the administration and operations to another local agency while a study is

performed on the ultimate disposition of the district. Liabilities would remain with the district but the board would be eliminated. The author has agreed to make this a two-year bill while the details are negotiated with stakeholders.

AB 1582 (Committee on Local Government) Local agencies: spheres of influence.

Summary: Would require, until January 1, 2017, the public water system, or the local agency if there is no public water system, to review, verify for accuracy, and approve, as specified, the subdivider's water savings projections attributable to voluntary demand management measures, as defined. The public water system would be authorized to collect fees necessary to provide the additional analysis of the voluntary demand management measures. This bill would provide that a water supply assessment completed, as specified, satisfies the existing requirement of verifying sufficient water supply, unless the public water system receives specified new information . The public water system would be required to determine the projected water savings attributable to the voluntary demand management measures that will be incorporated into the subdivision. The projected water savings would be required to be calculated using specified data compiled or maintained by the public water system or the water savings projections adopted by the California Urban Water Conservation Council. If a project applicant proposes to use a new voluntary water demand management measure for which neither the California Urban Water Conservation Council nor the public water system has adopted an estimate or method to calculate the projected water savings of the proposed voluntary demand management measure, the projected water savings would be required to be made based on documented methodologies or calculations submitted in the record. Five years after the project has been fully developed, the public water system would be required to include within its next urban water management plan a report on the monitoring and compliance of voluntary water demand management measures and to determine , if practicable based on readily available information, whether they have resulted in the water savings necessary to achieve the agreed upon water demand offsets. The bill would also require the public water system to document the measured annual water use of the subdivision in comparison to the projected demand associated with the subdivision, and to calculate the water savings attributable to the voluntary mitigation measures financed by the Voluntary Water Demand Mitigation Fund for the subdivision. If the public water system bases its written verification of a sufficient water supply for the subdivision, in whole or in part, on the use of voluntary demand management measures within the subdivision, the written verification would be required to be conditioned on the maintenance and operation of the voluntary demand management measures, or measures that are at least as water efficient, as agreed to by the applicant and the public water system, and the recordation as a covenant running with the land for the lots within the subdivision. The bill would provide that by acceptance of a deed to a lot, each purchaser would acknowledge the obligation to comply with the voluntary demand measures for the lot as described in the covenant. These covenants would be authorized to be enforced pursuant to the existing authority of a public water system. The bill would further require a builder, prior to the close of escrow, to give a purchaser information that would be required to be included in a maintenance manual that informs the purchaser of the existence of the home's unique water saving devices, including specified information. The bill would also encourage the public water system to commit to carrying out the water conservation measures funded by the Voluntary Water Demand Mitigation Fund within 24 months of the sale of the last unit of the proposed subdivision. The bill would require the public water system to choose water conservation measures that are the most cost-effective means to yield water savings . The bill would authorize expenditures from the fund to be made within the subdivision or elsewhere within the service area of the public water supplier, at its discretion. Not less than 40% of the proceeds from the voluntary water demand mitigation fund would be required to be directed to water conservation programs in any disadvantaged community, unless the public water system makes a specified finding. By adding to the duties of the public water system, this bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws.

Tax Allocation

CALAFCO Comments: Makes changes to the dates and formulas for tax allocations. Will be of interest to those LAFCos conducting fiscal studies for incorporations and annexations.

SB 115 (Lowenthal) Public employment.
Current Text: Vetoed: 10/11/2009 pdf html
Introduced: 1/29/2009
Last Amend: 3/24/2009
Status: 10/11/2009-Vetoed by the Governor

2Year	Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
Dead	1st House				2nd House				Conc.			

Summary: Would require that a public employee or applicant seeking public employment be permitted to decline to take and subscribe the oath of office based on moral, ethical, or religious beliefs that conflict with his or her ability to take and subscribe the oath without mental reservation, if he or she is otherwise willing and able to uphold the United States Constitution and the constitution and laws of this state and to complete the duties of employment. The bill would require that person to sign a statement that he or she declines to take and subscribe the oath required pursuant to existing law, based on moral, ethical, or religious beliefs that conflict with his or her ability to take that oath, as specified, and to take and subscribe a specified alternate statement to that effect. The bill would except from these provisions a public officer, employee, or applicant for public employment who is elected or who serves at the pleasure of an elected official. The bill would also make conforming changes and make a related statement of legislative findings.

Dead	1st House				2nd House				Conc.			

Summary: Would establish a rebuttable presumption that where a federally recognized Indian tribe has petitioned for a contract cancellation that tribal cultural centers, infrastructure, and housing are alternative uses that are public concerns that substantially outweigh the objectives of the act and that for tribal cultural centers, infrastructure, and housing, land contiguous to existing tribal land would provide more contiguous patterns of urban development than development of proximate noncontracted land.

Dead	1st House				2nd House				Conc.			

Summary: Would change the designated membership, as specified, of the Planning Advisory and Assistance Council and would require that the council work with the Strategic Growth Council, regional agencies, and cities and counties to facilitate the implementation of regional blueprint plans. The bill would also require the council to develop and propose recommendations to specified state agencies to facilitate coordination between regional blueprint plans, state growth and infrastructure funding plans, and programs that facilitate the implementation of regional blueprint plans. The bill would further require the council to report to the Legislature on regional performance measures, as specified, and on the manner in which state agencies are implementing the 5-year infrastructure plan. The bill would require the council to begin to perform the above functions and duties when sufficient funding, as determined by the council, exists from the revenue transmitted to it by metropolitan planning organizations, councils of governments, or county transportation commissions and subregional councils of governments jointly preparing subregional sustainable communities strategies. This bill contains other related provisions and other existing laws.
