Subject: Fwd: Approximate Map Of Area Quintette Service Corporation Serves

Effective January 1st, 2012, California Assembly Bill 54 added Section 14301.1 to the California Corporations Code requiring that "No later than December 31, 2012, each mutual water company that operates a public water system shall submit to the local agency formation commission for its county a map depicting the approximate boundaries of the property that the mutual water company serves." The Quintette Service Corporation was established in 1961 to provide water to residents of the Quintette community, that are generally on the north side of Wentworth Springs Road, east of Ditch Camp Road, south of the GDPUD ditch, and west of Blodgett Forest as depicted in the attached map. If at any time you need any further information, we will respond as quickly as possible if you will direct the request to:
