

EL DORADO LAFCO

LOCAL AGENCY FORMATION COMMISSION

AGENDA OF APRIL 25, 2007

REGULAR MEETING

TO: Ted Long, Chairman, and
Members of the El Dorado County Local Agency Formation
Commission

FROM: José C. Henríquez, Executive Officer

PREPARED BY: Allison Parsons, Commission Clerk

AGENDA ITEM #2d: **CORRECTION OF RESOLUTION L-05-13 APPROVING THE
SILVER SPRINGS REORGANIZATION**

RECOMMENDATION

Staff recommends that the Commission amend Resolution L-05-13 approving the Silver Springs Reorganization to include language that it was the Commission's intent to concurrently detach parcel(s) 115-370-01, 02, 03, 04, 115-370-07, 08, 115-370-10, 11, 115-010-27, 115-010-34 and 115-010-36 from County Service Area 9, Zone 17 when it approved this reorganization on July 27, 2005.

REASON FOR RECOMMENDED ACTION

The amended language better reflects the Commission's intent when it considered and approved this reorganization. No other changes were made to the language of this resolution.

BACKGROUND

When the Commission considered this item in July 27, 2005, the actions were for this parcel to be annexed into El Dorado Irrigation District and Cameron Park Community Services District with concurrent detached from CSA 9 Zone 17. While the LAFCO processing materials, staff memo to the Commission, and supporting administrative documents make a note of the need and intent for the concurrent detachment of these parcels from CSA 9, Zone 17, this specific language was omitted from the adopted resolution. By approving this amendment, the Commission corrects this administrative oversight. No other changes were made to the resolution.
