NOW, THEREFORE, IT IS HEREBY RESOLVED, DETERMINED, ORDERED AND FOUND by the El Dorado Local Agency Formation Commission as follows:

1. Each of the foregoing recitals is true and correct.
2. This resolution making determinations is made pursuant to the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000, California Government Code §56000 et seq.

APPROVED

3. Application for this Dissolution is made subject to §56654 by unanimous resolution of the LTB Board of Directors.
4. LTB is currently staffed with part-time personnel and relies heavily on volunteers, including the Fire Chief and Firefighter positions, which are all part-time non-paid.
5. LTB has two fire stations, only one of which is staffed on a part-time basis during business hours Monday through Friday.
6. LTB currently receives an average of 5% of the property taxes collected in the District's service area.
7. From 2001 to 2012, the County of El Dorado provided money out of its general fund to support eight of the county's 14 fire agencies, including LTB, under its "Aid to Fire" program.
8. From 2001 to 2012, approximately half of the LTB budget relied on the annual Aid to Fire funding.
9. In anticipation of the end of the County's Aid to Fire program in 2012, LTB and EDH conducted joint training sessions and various internal financial, budgetary and labor studies to integrate the departments.
10. LTB has held various public workshops and outreach efforts to engage the community about dissolution and annexation into EDH. Topics covered have included what the larger department will look like, issues of service capabilities and political representation, and general information about what dissolution and annexation into EDH will mean for the Latrobe area residents.
11. On January 23, 2014, the EDH Board of Directors approved a resolution of application requesting annexation of the LTB service area and sphere of influence contingent upon, among other things, LTB's dissolution.
12. On February 3, 2014, the LTB Board of Directors approved a resolution of application to apply to LAFCO for dissolution and in support of EDH's annexation of the LTB service area and sphere of influence.
13. The LTB and EDH Boards of Directors adopted a Plan for Service, which provides a detailed plan for the provision of services to be provided to the Latrobe Community by EDH.
14. The Plan for Service addresses staffing and personnel issues, an annexation transition plan, details regarding existing facilities and equipment, training and operational issues, administrative operations, and Latrobe Community representation after the annexation. It also includes the creation of a Latrobe Area Coordinator position and a Latrobe Area Advisory Council.
15. The EDH Board of Directors voted to contract with Citygate for a peer review of the LTB dissolution and annexation to EDH.

APPROVED

16. Citygate has completed an initial assessment and preliminarily concluded that EDH's proposed budget should be able to meet the needs of the Latrobe area and that services to the Latrobe area would be improved.
17. On June 10, 2014, the El Dorado County Board of Supervisors approved the transfer of the existing property tax base from the LTB to EDH to include an increase to 17 percent of the property taxes generated, including both increment and base, that would accrue to the EDH for the Latrobe territory.
18. The following agencies and districts were notified concerning this petition: El Dorado County Chief Administrative Office, El Dorado County Agricultural Department, El Dorado County Assessor's Office, El Dorado County Auditor's Office, El Dorado County Elections Department, El Dorado County Emergency Services Authority, El Dorado County Fire Protection District, El Dorado County Office of Education, El Dorado County Planning Department, El Dorado County Resource Conservation District, El Dorado County Sheriff's Department, El Dorado County Surveyor's Office, El Dorado County Water Agency, El Dorado County Representing County Service Areas (Zone 2, 9 Zone 14, 9 Zone 17, 10, 10 Zone E, and 10 Zone H), El Dorado Hills Community Services District, El Dorado Hills County Water District, El Dorado Union High School District, Farm Bureau, Latrobe Fire Protection District, Latrobe School District, and Los Rios Community College District.

21. Pursuant to Government Code §57000 et seq. the Conducting Authority proceedings are necessary in conjunction with this application.
22. The subject territory includes 660 developed and undeveloped parcels.
23. The subject property is almost exclusively designated by the 2004 County General Plan as either Agricultural Lands or Rural Residential, with small portions designated as Natural Resources and Open Space along the Cosumnes River border to the south.
24. The subject territory is developed according to current zoning and is not proposed for any additional development of any kind; the future land use of the subject territory will not change upon dissolution.
25. The current land use and Dissolution petition is consistent with the County's 2004 General Plan.
26. The Dissolution is consistent with LTB's zero sphere of influence.

APPROVED

27. Pursuant to Government Code §57450 et seq. the EDH will be the successor of LTB, upon annexation of the LTB area into EDH.
28. As the successor agency, EDH is responsible for winding up the affairs of LTB after dissolution, as well as, upon annexation, continuing to provide fire protection services to the Latrobe Community at levels consistent with the Plan for Service that has been previously agreed upon by the LTB and EDH Boards of Directors.
29. LTB has no outstanding debt or bonds to retire.
30. CEQA Guidelines Section §15320 provides a categorical exemption to CEQA (Class 20) for, "changes in the organization or reorganization of local governmental agencies where the changes do not change the geographical area in which previously existing powers are exercised."
31. This petition is hereby found to be exempt from CEQA pursuant to California Code of Regulations §15320.
32. The subject territory consists of five tax rate areas: 076-007, 076-011, 076-015, 075-016, and 076-019.
33. The total assessed land value of the subject territory is \$214,154,839.
34. The Dissolution does not include any residential development and will not assist the County's ability to meet its Regional Housing Needs Assessment allocations as determined by the Sacramento Area Council of Governments for any income groups.
35. Upon the filing of the Certificate of Completion for these proceedings, LTB shall no longer be legally responsible to provide fire protection services to the subject territory.
36. The petition meets the intent, policies, and priorities of this Commission, and the laws and policies within its jurisdiction and authority, including, but not limited to, the LTB "zero" sphere of influence and the El Dorado LAFCO Policies and Guidelines.
37. The Dissolution will not result in negative impacts to the cost and adequacy of services otherwise provided in the area, and dissolution is in the best interests of the affected area and the total organization of local government agencies.
38. The petition represents an orderly, logical and a justifiable elimination of the LTB boundaries.
39. The proposal is assigned the following short form designation:
