Doug,

As we discussed over the phone, EID contacted LAFCO and suggested that you request the Commission to continue the Clarksville Annexation (2009-01) until the March 24, 2010 meeting. Continuation would provide EID sufficient time to finalize an agreement between with one of the contractual commitment holders in the El Dorado Hills supply region to increase the water availability in the region. Please respond as to how you want to proceed.

Thank you,
