**WHEREAS**, on February 4, 2014, EDH and LTB submitted the petitions to El Dorado Local Agency Formation Commission (“LAFCO”); and

**WHEREAS**, the proposal was assigned LAFCO Project No. 2014-04 and is referred to as the “El Dorado Hills County Water District Annexation of the Latrobe Fire Protection District and Sphere of Influence”; and

**WHEREAS**, LTB and its SOI includes 699 parcels, consisting of approximately 27,838 acres, shown in “Exhibit A” (hereinafter referred to as the “subject territory”); and

**WHEREAS**, the petition includes agreed upon conditions between LTB and EDH to stabilize and secure the financial condition of services in the Latrobe community, ensure appropriate levels of emergency fire and medical response to all areas of the resulting District, eliminate redundant management personnel, increase operations and efficiencies and maximize available resources; and

**WHEREAS**, the petition is in conformance with Government Code §56650 et seq.; and

**WHEREAS**, determining the exact and definite boundaries of LTB’s service area is part of Project L-2014-04; and

**WHEREAS**, Government Code Sections 56375(l) and 56668(f) require LAFCOs to review the definiteness and certainty of the boundaries of the territory in question, with particular attention to the conformance of the proposed boundaries with the lines of assessment or ownership; and

**WHEREAS**, Assessor's Parcel Number (APN) 087-30-80 (10.36 acres), is currently split between the El Dorado County Fire Protection District (ECF) and LTB boundaries with two separate tax rate areas; and

**WHEREAS**, on or about March 2014, the fire chiefs for EDH, LTB and ECF agreed that the entirety of APN 087-300-80 should be within the service boundaries of ECF; and

**WHEREAS**, one of LAFCO's missions as contained in Government Code Section 56001 is "the logical formation and modification of the boundaries of local agencies, with a preference granted to accommodating additional growth within, or through the expansion of, the boundaries of those local agencies which can best accommodate and provide necessary governmental services and housing for persons and families of all incomes in the most efficient manner feasible"; and

**WHEREAS**, Government Code Section 56375 gives LAFCO the discretionary authority to "review and approve with or without amendment, wholly, partially, or conditionally, or disapprove proposals for changes of organization or reorganization, consistent with written policies, procedures, and guidelines adopted by the commission"; and

**WHEREAS**, as defined in Government Code 56073, the making of "two or more changes of organization contained within a single proposal" is technically designated as a "reorganization" of multiple agency boundaries; and

**WHEREAS**, Revenue and Taxation Code §99 requires an agreement for the exchange of property tax revenues in the event of a jurisdictional change of local agencies; and

**WHEREAS**, property tax exchange negotiations were completed and approved by the County of El Dorado Board of Supervisors ("the County") on June 10, 2014, by the EDH Board of Directors on June 19, 2014, by the LTB Board of Directors on July 14, 2014, and by the ECF Board of Directors on July 17, 2014; and

**WHEREAS**, on August 27, 2014, this Commission designated a zero sphere of influence for LTB, and expanded the spheres of influence of the El Dorado Hills County Water District and El Dorado County Fire Protection District to include the annexation areas; and

**WHEREAS**, the Executive Officer reviewed the petition for conformance under the California Environmental Quality Act ("CEQA") and determined that the Reorganization is consistent with the determinations of a Class 20 Categorical Exemption under Section 15320 of the State CEQA Guidelines; and

**WHEREAS**, on August 27, 2014 this Commission adopted Resolution L-2014-10: (1) adopting the Class 20 Categorical Exemption as the appropriate environmental exemption for this proposal in accordance with CEQA, and (2) exercising its discretionary authority under Government Code §56375(a)1 to amend and approve the proposal by reorganizing the Latrobe Fire Protection District and its Sphere of Influence into El Dorado Hills County Water District and a portion of APN 087-300-80 into El Dorado County Fire Protection District, subject to certain conditions as set forth in Resolution L-2014-10; and

**WHEREAS**, the Commission retained "LAFCO Project No. 2014-04" as the project number for the amended petition, but assigned it the short form designation of "Reorganization of the Latrobe Fire Protection District and its Sphere of Influence into El Dorado Hills County Water District and El Dorado County Fire Protection District"; and

**WHEREAS**, there are 691 registered voters in the subject territory; therefore, the subject territory is considered inhabited per Government Code §56046; and
