

§56133 Extension of Services
Comments from the Assembly Local Government Committee Staff

1) You might want to put a date in (2)(a) so that it's not applicable to a MSR from 2003. Not sure what the appropriate window is, but I'd say offhand that the MSR should be no later than a few years old, maybe 3 - 4 years at most?

2) As for 2(b) - this looks good. Maybe a tie back to 56001 would work here? So:

The effect of the extension of service would not result in adverse impacts on open space or agricultural lands or result in adverse growth inducing impacts, and is consistent with the priorities established in 56001.

Not sure I'm wedded to this idea above, but may be worth talking about further.

3) (2)(c) - should this read "change **of** organization"? And would it be better to call it a "future" change rather than "later" change? I'm mincing words, really.
