NOW, THEREFORE, IT IS HEREBY RESOLVED, DETERMINED, ORDERED AND FOUND by the El Dorado Local Agency Formation Commission as follows:

1. Each of the foregoing recitals is true and correct.

2. This resolution making determinations is made pursuant to the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000, California Government Code §56000 et seq.
3. The following agencies and districts were notified concerning this petition: El Dorado Irrigation District; El Dorado County CSA 7,9,10, 9 Zone 17 and 10 Zone D; El Dorado County Fire Protection District; El Dorado County Water Agency; El Dorado County Resource Conservation District; El Dorado County Agricultural Commission; El Dorado County Office of Education; Buckeye Union School District; El Dorado Union High School District; Los Rios Community College District; El Dorado County Planning Department; El Dorado County Surveyor's Office; El Dorado County Committee on School District Organization; and the U.S. Bureau of Reclamation.
4. There are nine registered voters in the subject territory; therefore the subject territory is considered uninhabited per Government Code §56046.
5. Danny and Diana Dorkin and Dennis and Rhonda Roediger, as owners of 100% of the assessed value of the land within the subject territory, have given their written consent to the annexation.
6. EID, as the subject agency, has not requested in writing or otherwise that LAFCO hold protest proceedings on this petition.
7. The Conducting Authority proceedings are hereby waived in accordance with Government Code §56663(c).
8. The subject territory is within the EID sphere of influence and is contiguous to the existing boundary.
9. The subject property is designated Medium Density Residential (MDR) and is zoned Single Family One-Acre Residence (R1A) by the 2004 County General Plan.
10. The subject territory is currently developed land with a primary and secondary residence.
11. The subject property is proposed for the development of La Caille Estates, a 24-lot residential subdivision.
12. The annexation petition is consistent with the County's 2004 General Plan.
13. The subject territory consists of one tax rate area and is currently within TRA 054-146.
14. The total assessed land value of the subject territory is \$1,923,315.

15. The petition will assist the County's ability to meet its Regional Housing Needs Assessment allocations as determined by the Sacramento Area Council of Governments for moderate income groups or higher.
16. Upon c, EID shall provide municipal water service to the subject territory.
17. EID has planned for the provision of municipal water service to the subject territory and has developed a fee schedule, bonding funds, and assessments to provide funding for that service.
18. The petition meets the intent, policies, and priorities of this Commission, and the laws and policies within its jurisdiction and authority, including but not limited to the EID sphere of influence and the El Dorado LAFCO Policies and Guidelines.
19. This Commission has reviewed and considered the information contained in the MND, Initial Study and administrative record for the petition.
20. This Commission finds that the MND and Initial Study contain a complete, accurate and objective reporting of the environmental impacts associated with the project and reflect the independent judgment of the Commission.
21. This Commission further finds that the MND and Initial Study have been completed in compliance with CEQA, the State CEQA Guidelines and the Commission's Local CEQA Guidelines as detailed in the El Dorado LAFCO Policies and Guidelines.
22. A full and fair public hearing was held on the MND for the project.
23. This Commission has considered all comments received thereon in response to the public circulation of the MND, and said MND is hereby approved and adopted as the MND for the petition.
24. The MND addressed, among other things, impacts to agricultural resources, hydrology and water quality, land use and planning, population and housing, public services, recreation, transportation and traffic and utilities and service systems.
25. The MND included a Mitigation Monitoring Program that addressed measures necessary to mitigate the potentially significant effects that the project could have on the surrounding area, and identified the responsible parties and included the provisions to be followed.
26. This Commission hereby finds on the basis of its review of the Initial Study and comments on the MND, and all other written and oral evidence presented to the Commission, there is no substantial evidence in the administrative record to support a fair argument that the proposed change of organization may result in a significant impact on the environment. This Commission further finds that the annexation will not cause any significant environmental impacts.

27. El Dorado County, in accordance with the California Environmental Quality Act (CEQA) ultimately determined that, by way of mitigation, the project would not have a significant impact on the environment.
28. El Dorado County's MND for the annexation is hereby accepted as the appropriate environmental document for this petition in accordance with CEQA.
29. The County Surveyor has agreed that the submitted legal description and maps are mathematically correct.
30. The annexation will not result in negative impacts to the cost and adequacy of services otherwise provided in the area and it is in the best interests of the affected area and the total organization of local government agencies.
31. The area proposed for reorganization represents an orderly, logical and a justifiable extension of the EID boundaries.
32. The proposal is assigned the following short form designation:

Dorkin Annexation into the El Dorado Irrigation District
